

Year 1 Peel Highlights – Spring 1

In maths, children have been working with numbers to 20 in lots of different ways. They have compared and ordered numbers, used fact families and part whole models. They have also used a variety of methods to add and subtract.

20

In science, children have been learning all about materials. They have learned the names of a variety of different materials and common objects that they are made into. They have discussed the properties of different materials and why certain materials are used for different purposes. They have conducted experiments to test and observe.

In English, children have used the story Bob and the Moon Tree Mystery to create lots of writing. Children have worked hard to remember their capital letters and full stops.

In art, children have been painting using the primary and secondary colours. They have printed with paint and painted using different media and shapes.

In RE, children have been learning all about Islam. Children have discussed what it would be like to pray five times a day and know all about Muslim prayer.

In history, children have been learning all about the first moon landing. Children know lots about Neil Armstrong and his team and what makes them significant people.
