**A year to celebrate!**

Dear Parents/Carers,

We have arrived at the end of this academic year, and what a year it has been! We have had so many successes across school and things that certainly need celebrating with our whole school community.

I would firstly like to thank you all for your continued support this year, you have worked alongside us at school to provide the very best for your children and for that I thank you. We have incredible children here at Wesley and we are proud of every single one of them.

We regularly explain to the children that we want them to do their own personal best. We don't expect them to be the best in their class or year group, but we ask them to do better than they did yesterday. That is exactly what our Year 6 children have done this year in their SATs. We recognise that our children are so much more than their SATs results, and that these assessments do not measure them as artists, musicians, sports people or in fact what they are like as a good person and a good friend to others.

With that said, we still celebrate our results with our children and let them know how well they have done and how incredibly proud we are of every single one of them. This year, our Year 6 children were on track to achieve some of our highest SATs results for some time – and they have done it!

**Our children have achieved the highest overall SATs results for school since 2015/16.  
They have either met or scored higher than the national average in every area!**

	Reading	Writing	Maths	Spelling, punctuation and Grammar	Combined RWM
Age related expectation	77%	74%	74%	72%	61%
Greater Depth	19%	5%	23%	21%	5%
National Average	74%	72%	73%	72%	61%

**Please join us in saying a huge well done to all children and staff in Year 6!**

We have done so much work on our curriculum over the past three years and are certainly seeing this impact come through now with consistent improvements in our data.

One of our promises we make to you as parents and carers is that we will do all we can to ensure your child is a fluent reader by the age of seven (end of Year 2), and for any children who have been unable to achieve this, we will put all measures in place to support them. This is largely shown through the children's phonics scores at the end of Year 1 and Year 2.

This year we have seen significant improvement in our phonics scores and the work that has been put in by the whole team in Year 1 and 2 has been amazing.

**We can share that our children in Year 1 have achieved a percentage pass that is the same as last year's national average and our Year 2 data shows that 91% of our children have passed their phonics!**

	End of year data
Year 1	79%
Year 2	91%

**Please join us in saying a huge well done to all children and staff in Years 1 and 2!**

All our staff work incredibly hard to ensure our children can achieve the very best version of themselves and they have certainly done that this year!

Alongside our academic achievements we do our very best to give the children a wonderful experience of primary school that shapes them as a person and ensures they have every opportunity to celebrate all of their unique talents. We have regular wellbeing days so that the children know and have strategies on how to look after their own wellbeing, we have forest school running all year round for every child so that everyone gets the opportunity for regular outdoor learning. We have had so many things take place for the children this year that they have all thoroughly loved and enjoyed and we are able to look back on this year and see what an amazing experience our children get here at Wesley, but most importantly the impact this is having on every child.

As mentioned earlier, we have had a large focus on our curriculum and the high expectations we have of our attitudes towards learning and the learning behaviours we see in the classroom. We are seeing the huge impact from this in the data the children are achieving. We are also seeing it in the development of lessons that are taught, expectations within books and the overall enjoyment of the children who are flourishing within their learning. Here are just some examples of the learning that is taking place in school and the development of the curriculum in pictures:

Once again, I thank you all for your contribution to making Wesley a happy and safe place to be for your children. We will continue to strive to make this the best possible place it can be for your children to flourish and reach their potential in all they do.

I wish you all a wonderful summer holidays, please stay safe and I will see you all in September.

Thank you for everything,

Mr R Jones
