### Maths Open Afternoon/NSPCC Number Day

Dear Parents and Carers,

We are delighted to invite you to a special **Maths Open Afternoon** on **Thursday 6<sup>th</sup> February** from **2:30pm to 3:15pm**. This event is a wonderful opportunity for you to visit the school and see how our children are applying their maths skills in the classroom through a variety of engaging games and activities. You will also have the chance to interact with your child and participate in these fun learning experiences.

Following the open afternoon, we are pleased to offer a **Maths Workshop** led by **Mr. Parker**, titled '**Help Your Child Love Maths**', from **3:30pm to 4:00pm**. All children during this time will be able to go in the rainbow room with Mr Jones. This session is designed to provide you with practical tips and resources to support your child's maths learning at home and to help boost your own confidence in the subject. We hope this will be a valuable opportunity to further engage with your child's education and foster a positive attitude towards maths.

We are also excited to announce that on **Friday 7<sup>th</sup> February**, our staff and pupils will be celebrating **NSPCC Number Day**. To promote a love of numbers, we will be having a **non-uniform day** where children are encouraged to dress in **numerical-themed clothing**—this could include outfits featuring numbers, shapes, or patterns related to maths (see examples below). As part of the festivities, Mr. Jones and Mr. Parker will select the best costumes during our celebration assembly, with prizes awarded to the most creative participants.

We look forward to welcoming you to what promises to be an enjoyable and informative afternoon.

Kind regards,

Mr D. Parker

Deputy Headteacher/Mathematics Lead
