**Proposed School Nursery Provision at Wesley**

Dear Parents and Carers,

Following a very positive consultation with our parent and carer community, I am writing to update you on the next steps regarding our proposal to open a school nursery at Wesley Methodist Primary School.

We were encouraged by the support and thoughtful feedback received during the consultation process, which has reinforced the strong sense of community and shared vision for the future of our school.

At this stage, we are now awaiting two key developments: the confirmation of funding from the Department for Education (DfE), and formal agreement on the proposed reduction in our school's lower age limit to include children from two years old. These elements are essential in ensuring that we can move forward with the nursery project effectively and sustainably.

As a result of these dependencies, we are hoping that our new school nursery will open in January 2026. While we had hoped to move forward sooner, there is much to work through with the Local Authority and Department for Education, however we are committed to ensuring everything is in place to provide the highest quality early years provision for our families.

We will continue to keep you informed as we receive further updates, and we remain excited about the opportunities this nursery will bring to our school and community.

Thank you again for your ongoing support,

Mr R Jones  
Headteacher
